

Fly With Me

DJ Bobo

Come fly with me
We gonna sway through the air
High up in the big top
Movin in the spotlight
Life is a circus tonight
Come fly with me
We gonna sway through the air
Hold my hand, I will never let you go
And I promise I will never let you fall

I feel the rush	eight
I feel the heat	seven
I feel the rhythm	six
I feel the beat	five
I - I am power	four
I am control	three
I am the force	two
It's in my soul	one

Come come come fly with me
Gonna feel the energy
Just a little vanity
This is my life
Come come come fly with me
Just use your fantasy
Gonna lift you to a higher ground

We're like a rocket	eight
Soaring to sky	seven
Only together	six
We can fly so high	five
Now we're in heaven	four
And heaven's where	three
People go crazy	two
Breathlessly stare	one
