Tonight is the night so I dress myself like a gigolo  
Yo, hey girls don't go  
Just wait for me I'm gonna be there soon  
And then we gonna dance 'till noon  
It's me - mister superboombastic  
Enthusiastic - fantastic  
Ready for the dancefloor here comes the king  
Step aside, let's swing

The night is young and so are we  
Come on over set me free  
What I really wanna do  
Is just dance with you

I'm dancing on the ceiling, hey ladies I'm hot  
I saw you there - and I was rooted on the spot  
Oh no - she's the girl of my dream  
And I am the fool acting like a drag queen  
Wrong time, wrong place, time to end in smoke  
And all I could say - do you want some coke ?  
I startet to stotter said bla bla bla bla  
She said "hey nanana"

Hey nana nana
