

I Know What I Want

DJ Bobo

Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype

Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype

Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype

Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype

Listen to my voice and start to dance
I promise you this will advance
I'm back with my rhyme, I started to climb
Welcome to the jam, I'm rockin' again
From my mind and my heart, to your body and your feet
I know what you want, It's the beat from the street
Mister DJ put the jam on
Pump it up 'till the night is done
Let's go down, down to the underground
A kick in your back, Bobo is in town
It's a jam and i do what I like
Bring the beat back, Don't believe the hype
You have the bass in your place together as one
Try to run, then you gonna have fun
I know what you want and you want it now
I know what you want when you hear the sound

I know what I want, and I want it now
I know what I want when I hear the sound
I know what I want, and I want it now
I know what I want when I hear the sound
Everything's alright, alright
And the feeling makes me fly
I know what I want, and I want it now
I know what I want when I hear the sound
I know what I want, I know what I want

If you try to be, you got to be a king
And give the world your everything
I'm not the greatest dancer with the bad'est shoes
I'm not the fastest rapper, that you ever knew
By the way it sounds like a mystery
But no one knows, how you really wanna be
Deep in the night I'll bring you the light
And leave all your troubles by your side

I know what I want, and I want it now
I know what I want when I hear the sound
I know what I want, and I want it now
I know what I want when I hear the sound
Everything's alright, alright

And the feeling makes me fly
I know what I want, and I want it now
I know what I want when I hear the sound
I know what I want, I know what I want

Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype

Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype
Bring the beat back, don't believe the hype

I know what I want, and I want it now
I know what I want when I hear the sound
I know what I want, and I want it now
I know what I want when I hear the sound
Everything's alright, alright
And the feeling makes me fly
I know what I want, and I want it now
I know what I want when I hear the sound
Everything's alright, alright
And the feeling makes me fly
I know what I want, and I want it now
I know what I want when I hear the sound
I know what I want
