

# Indestructible

DJ Bobo

Our love is indestructible  
I'll never let you down  
Our love is indestructible  
I'll make your world go round

When you're sad, when you're down  
When you cry I wanna bring back the sun  
When you talk, when you smile  
I just know you are the only one

Your so precious - so perfect in my eyes  
When I'm with you, time flies  
Away - can you hear me what I say  
Today is the day, don't runaway  
Come with me - and let me take you by the hand  
Before I've got to go, try to understand  
I'll pray, everyday,  
Our love, will never go away

Let me tell you it's true - heaven sent you to me  
You're my Queen of hearts, you're my destiny  
L-o-v-e - you put a spell on me  
One thousand degrees is the heat in my  
Soul - you took my self-control  
My mind is wild, rolling up and down the hill  
Like a waterfall  
My love is, indestructible

Let me touch you, hold you, that's all I wanna do  
I'm electrified by you  
Like thunder - and lightning is a mystery  
Basically you took my breath - you're my fantasy  
True all I need is you  
Everything you say will stay, today  
Play the game of everlasting dreams like  
In a movie scene !
