

Pura Pasión

DJ Bobo

Pura Pasión - feel it everyday
Pura Pasión - the way to live your life
Pura Pasión - running through your veins
Pura Pasión - pasión so close and still so far

You will only find it in your heart
Try to believe it, make a start
You can create it deep inside
Pura Pasión will be your guide

Looking back in history
The way of life is mystery
Fortune came then ran away
Do it now before you fade to gray

Eyama we oh
Now let the rhythm take control
Eyama we oh
And save your soul

Searching for the perfect thrill
Impossible to buy that pill
Happiness can come so fast
Find it for yourself to make it last

Eyama we oh
You've got the future in your hand
Eyama we oh
You're in command

Pura Pasión and you feel it everyday
Feel it everyday when you hear this song
Pura Pasión, running through your veins
Running through your veins and you feel so strong

Pura Pasión - feel it everyday
Pura Pasión - the way to live your life
Pura Pasión - running through your veins
Pura Pasión - pasión so close and still so far
