

Tell Me When

DJ Bobo

When can I hold you, hold you, hold you in my arms
Tell me when, tell me when
When can I love you, love you, the way I wanna do
Tell me when, tell me when

Tell me when are you gonna show me that tomorrow is my day
Tell me when are you gonna hold me since tomorrow 's far away
When can I hold you, hold you, hold you in my arms
Tell me when, tell me when

Tell me when
Oh, tell me when
Tell me when
Oh, tell me when
Tell me when
Oh, tell me when

This is a story about you and me
Everything we did will stay in our memory
So alone, so lost in the dark
And you will always have a place in my heart

When can I hold you, when can I love you
Kiss you, I cannot live my life without you
Now it's time to be telling you the truth
Girl, my love is just for you

Do it to me, only one more time
Touch me, hold me, let your heart be mine
Take me back in time, make me forget
Turn the world and we never would have met

You say the words that I long to hear
A star is shining bright when you are near
If I would have given you all of my heart
We would never be apart
