

The Voice of Freedom

DJ Bobo

Don't turn around stand up and feel the flow
It's time to let your inhibitions go
People from north and south and east and west
Let's come together now and give your best
You can see it in the light
All around the world
You can feel it every night
I hear tomorrow calling
Morio orio
Ola djou monké n`lo
Ola djou monké
Ola djou monké n`lo
It's very east come and take my hand
You may say "no" but we say "yes we can"
The stars above know what the future holds
Come share your love and let your feelings show
Can you feel it in your heart
Feel it in your soul
There is something going on
I hear tomorrow calling
Morio orio
Ola djou monké n`lo
Ola djou monké
Ola djou monké n`lo
