

## This Is My Time

DJ Bobo

This is my time and it's gonna be alright  
I'm standing strong I take my pride  
It's my time, I'm burning I feel the fire  
To reach the stars is my desire  
It's my time

It's my time, I feel the passion in my life  
This is my time, I wanna live while I'm alive  
This is my time

It's now or never  
The heat is one, I have it all in me  
Can't live forever  
This is my time tonight I set it free  
I hear the music  
The best is yet to come, I'm ready  
I feel the power  
Running through my veins

I break the silence  
It's time to speak my mind I'm here to scream  
Destined for glory  
I'm flying without wings living my dream  
I hear the music  
I close my eyes it feels like heaven  
Once in my lifetime  
Now I want it all

It's amazing what a feeling  
I've got heaven, in my mind  
Goodbye to all the sad days  
I feel the magic, it's my time
