Together

Together forever for all the time Together we welcome the secret sign Together in freedom we take the chance Together forever we will be friends

We are what we are - Together And we went so far - Together We are what we are - Together We all long for a land to be free

The promised land is close to you The rain is gone, the sky is blue Hand in hand we can survive We're fighting for a better life

It's a new generation Without hate and frustration Promised land, promised nation Without pain, without control

Planet earth is our place Insanity is lost in space A world of dreams is what we share Where honesty is in the air

Together forever for all the time Together we welcome the secret sign Together in freedom we take the chance Together forever we will be friends DJ Bobo
