

# Tonight

DJ Bobo

Tonight  
We're gonna get it right  
Underneath the lights  
We're singing "Here we are tonight"  
We're gonna lose control  
Just feel it in your soul  
We're singing, "Here we are tonight"  
There's magic in the air  
People everywhere  
Are singing 'Here we are tonight"  
Together we will fly  
We're gonna touch the sky  
We're singing, "Here we are tonight"

Everybody's here tonight  
You've come to see the show  
Everybody is feelin' right  
Get ready to explode  
Some people say the world's a stage  
It's not a mystery  
Tonight we're gonna turn the page  
We're makin' history

All you need tonight is your imagination  
Just remember that your life is your creation

No more hesitating now  
We gonn start the show  
The memories are waiting  
On your mark.get ready.go "go"  
Everyone' V.I.P  
No need to wait in line  
Just relax,enjoy the ride  
We're gonna blow your mind

Now we're flyin to a higher destination  
Just remember that your life is your creation
