

# We Are Children

DJ Bobo

Like the silence of the sea  
Like the shadow of a tree  
Like the desert needs the rain  
We are children of this world

Like a rainbow on a mountain high  
Like the prayers never lie  
Like a flower beyond your reach  
We are children of this world

Like a circle never ends  
Like a mother understands  
Like a candle in the wind  
We are children of this world

Eternally - like a circle never ends  
Unselfish - like a mother understands  
Incalculable - like a candle in the wind  
We are - children of this world and we let it in

Understanding is the way into a world of happiness  
We all have the same destination  
We are children of this world

Unimpeachable - like a rainbow on a mountain high  
Unfallible - like the prayers never lie  
Inaccessible - like a candle in the wind  
We are - children of this world, don't teach just preach
