

# We Gotta Hold On

DJ Bobo

Every night when the moon is risin' in the sky  
I here you calling to me  
Every time when I feel my spirit start to rise  
You come to me in my dreams  
I wish that I could be more than a fantasy  
If I could only hold you in my arms  
But soon we must surrender to reality  
When the new day comes

We gotta hold on  
To a dream only we can share  
We gotta hold on  
Even though we're not really here  
We gotta hold on  
Angel of the night  
Feel you by my side  
But in the morning light  
I know you'll be gone  
We've gotta hold on

It's too late to say the love I'm feeling isn't real  
Your spell is already cast  
I don't want your magic secret to be revealed  
I want the mystery to last  
Could it be a blessing, could it be a curse  
Knowing that you never will be mine  
Imaginary lovers from the Universe  
Forever lost in time

We gotta hold on  
It doesn't matter what the people say  
We gotta hold on  
So we can live to love another day  
We gotta hold on  
Angel of the night  
Feel you by my side  
But in the morning light  
I know you'll be gone  
We've gotta hold o
