MurdaChild  
Type of nigga, that'll turn buckwild  
Throw pain to dat ass, for fuckin up the rotation  
(What?) Puff Puff Pass  
My rhymes and lyrics be strictly the illest  
And cause them niggaz feelin' this  
They might make a album, featuring me  
A freestyle or somethin with the I-N-C  
I'll come through like M.I.B., erase ya memory  
Cause DMX said they ain't ready for a nigga like me  
Don't forget y'all, when it comes to stackin chips  
To drivin whips, there ain't no competition

This shit here is my motherfuckin mission  
And yes, I choose to accept it  
Me and Clumanati are about to wreck it  
So yo Ja Rule
