From the N.Y.C to the Florida keys 'cause

Pull them V's out nigga stop pillion
Now you still wanna fuck I don't think so

[Chorus 2]

[Verse 3: Trina]
Ah! You wanna cheap fuck
Find a cheap hoe for that
You got 10 Gz it takes much more for that
You got 30 grand add 15
I'll pull out the handcuffs and the wiped cream
Cherry's and strawberries we could do big things
Pull the camera out play it on the big screen
Lick your lips you know this pussy taste real great
The realist one, I'm tryin to get it like Kim Gates

[Trick Daddy]
Can't no bitch come between me, my flow, my clique
Hoes we pimps we aint pimpin' dicks
And after we fuck you ganna remember this
Wants some up, bling, bald head bitch
I be damned if I pimp ya'll hoes
I'll damage ya'll scandales ass, amateur ass hoes
One pound of cock and one genseen
A fifth of Gen, and bitch and let the beatin begin

And bitch I drive a Chevey not a caddie hoe
