Clap your hands, just clap your hands (8x)
I'll maybe a chicane
And all I wanna it's just come fourteen, uhouho...
You got the fiction
Sometimes I wanna want to meet to me, ah...
When you walking on usually way
I need your body, you may my day
Burning morning it's my favourite time
Oh baby, you are mine...
If you ready or not, ready or not
If you ready or not, look here inside my love
If you ready or not, ready or not
If you ready or not, ooh... (2x)
Clap your hands, just clap your hands (8x)
There is a secret
The rise inside be lost you and me, ahoh...
No way the secret
This is the way I like it, can't you see, ah...
When you walking on usually way
I need your body, you may my day
Burning morning it's my favourite time
Oh baby, you are mine...
If you ready or not, ready or not
If you ready or not, look here inside my love
If you ready or not, ready or not
If you ready or not, ooh... (2x)
Clap your hands, just clap your hands (8x)
Clap your hands, feel your beat
Clap your hands, feel your beat
Clap your hands, stop your feet
Move your body to the disco beat
When you walking on usually way
I need your body, you may my day
Burning morning it's my favourite time
Oh baby, you are mine...
If you ready or not, ready or not
If you ready or not, look here inside my love
If you ready or not, ready or not
If you ready or not, ooh...
If you ready or not, ready or not
If you ready or not, look here inside my love
If you ready or not, ready or not
If you ready or not, ooh...
Clap your hands, just clap your hands (8x)
