

# Never See You Again

DJ Drama

Love love love like this  
Gotta be something for me write this  
I'm sayin one night my love is like that  
Shawty don't like me then shawty don't like dick

You know that love is a very serious thing  
If you don't watch out  
Love is gonna get you

She say she love me more than anything  
I tell her anything I'm such a rumor I never hear her wedding ring  
Bad women with bad figures, I'm trying to get em  
My bread grown, my sex better, my mind different  
And you would think that I'm European, my tribe different  
I'm not a mister but I've been playing with side bitches other plan w  
My game tighter than bitches that ain't fuck in forever  
Ok drama the affiliate  
Bitches think I'm trippin but I Ramen noodle dinner Em'  
Just before they seen my money in the green  
You niggas in the red, I am somewhat the illiterate  
She wanna see me again, She trying see me for dinner  
I'm trying to see her in bed  
Don't like to see when she talk  
I like to see where she been and I'll be deep in her mind  
Cause I'll be deep in her ribs  
Can't break up to make up, she wake up, I'm out  
And I make her lips stick, no make up to mouth  
Ugh, and that's gross but she love it though  
A nigga ghost every time youngin on the flow  
And when she not, have her feeling like she on a boat  
Used to nun-chuck em, now I got to Donatello Bow  
Haa, this is something they already know  
They more they come, the less likely the want to go  
Wale

It's my fault  
I should have known from the start boy  
I'm that you would go and steal my heart away  
I'm drowning down, I couldn't dodge the wave  
Somebody save me babe  
You remind me of a love I used to know  
Playing with fire is a danger zone

I wish I'll never see you again  
I wish I'll never see you again  
I wish I'll never see you again  
I wish I'll never see you again

Everything was picture perfect till you moved the frame  
And now because of you It's barely hangin'  
Boy in a flash it's like you start to replace him  
That photograph is fading  
You remind me of a love I used to know  
Playin with fire is a danger zone

From the time that you stole my heart  
You shook my world and it felt apart

Trying to get away, but I think I'm stuck  
Trying to get back to this thing called love

I wish I'll never see you again  
I wish I'll never see you again
