

Lying here, staring up, see the rocket to the sky  
Look to the skies, see the lights  
Don't you know want to FLY?  
We're together now  
Lying underneath those stormy skies  
You and me, we've only just begun  
Don't you want to FLY?  
I think you're going, baby  
You can get in my flying saucer  
You can get my engines turning  
We can get so high, we're not even started  
We can get higher, higher till the light fades away

Ooh, baby, baby, ooh, baby, I want to FLY  
When the daylight's fading, I want to FLY  
Ooh, baby, baby, ooh, baby  
I want to take you there, ooooooh  
And now it feels so amazing  
That I want to FLY with you

Ooh, baby, baby, don't run away  
Ooh, baby, I'd be happy to see you stay  
Baby, baby, stay, baby, baby  
We can go everywhere, everywhere  
I want to take it too far  
So far from where I used to be  
You know I wouldn't have it any other way  
Baby, baby, way, baby, here we go  
We can go to wonderland  
Anything you want, you got it  
We can get the upper hand  
We have got The Power  
We can get hotter, hotter till the light fades away

Ooh, baby, baby, ooh, baby, I want to FLY  
When the daylight's fading, I want to FLY  
Ooh, baby, baby, ooh, baby  
I want to take you there, ooooooh  
And now it feels so amazing  
That I want to FLY with you

FLYYYYYYYY, ooh, ooh-ooh, ooh  
FLYYYYYYYY, ooh, ooh-ooh, ooh  
Oooooohhhhhh, FLYYYYYYYY with you  
Oooooohhhhhh, FLYYYYYYYY with you

So soooooooooooooooooarrrrrrr  
Ooh, baby, baby, ooh, baby  
When the daylight's fading, I want to FLY  
Ooh, baby, baby, ooh, baby  
I want to take you there, ooooooh  
And now it feels so amazing  
That I want to FLY with you

Oooooohhhhhh, FLYYYYYYYY  
Oooooohhhhhh, FLYYYYYYYY with you  
Oooooohhhhhh, to FLY with you
