

High On Life

DJ Encore

I wanna feel your touch
you know it's easier
if we gettin' closer
I'm not asking for too much
I just get this feelin'
over and over
'cause it's just you
that I see
nothing but you
I feel so free
I just get this feelin'
over and over
you make me feel high on life
when I'm with you
I can fly
I wouldn't stop this feelin' (2x)
you make me feel high on life
since I'm so vice what's inside
I wouldn't stop this feelin'
and takin' over

If you could only say
why it feels so good
when you're closer
I think we're on a way
I just get this feelin'
over and over

'cause it's just you
that I see
nothing but you
I feel so free
I just get this feelin'
over and over
you make me feel high on life
when I'm with you
I can fly
I wouldn't stop this feelin' (2x)
you make me feel high on life
since I'm so vice what's inside
I wouldn't stop this feelin'
and takin' over
