One minute your here  
And next minute, gone  
Haa  
One minute your here  
And next minute, gone  
But your in a better place  
So now your better off  
One minute your here  
And next minute, gone

It's crazy man  
People are dyin in so many different angles  
I gotta big up everyone dats stayed strong  
Rest in piece man  
Listen to the words

Look it's deep when u lose someone that u kno  
And lately iv lost someone that I kno  
It's mad how your here and then u can go  
Everyones upset I fink u shud kno  
But I kno dat your up der lookin down at us  
N I kno dat lyf n death is a must  
But sometym's it's lyk d wrong ppl go  
Sometym's it's lyk I just wanna go  
Up in d sky  
Up wiv d angels  
Up in d nyt  
N I may b a man but I still do cry  
A can't even stop as much as I try
