

# Blackball

DJ Khaled

All these chains that I'm wearing is not ordinary  
My watches and my rank is not ordinary  
Shawty what's the boooo...

Fuckboys hate to see me winning  
Kept shit 100 from the beginning  
They wanna see me lose everything I got  
Y'all keep hating, I'm right here on time

They tryna blackball me, they say I get too much money  
They want my name from me because they know what it do  
They say I'm A-Rod  
Nigga, cause I got the juice  
They tryna blackball me, went and bought a Ghost as a coupe  
Soon as I ordered it, they put it right on the boat  
These bitches hungry, they tryna take me to court  
They tryna blackball me, I said I went to the pros  
They tryna blackball me, I keep a gang of them hoes

I'm tryna fuck these fat ass hoes by the end of this month  
Ain't drivin my Rolls Royce no mo, I see the fuck nigga once  
I heard some niggas downtown tried to jail me up  
I heard they tell the feds every day to pick me up  
But I'm like damn my nigga  
What I did to you?  
And I'm like yea my nigga  
What you want me to do?  
Want me to burn yo pussy ass out and knock you off?  
Want me to go on yo baby mama house and kick in her door?  
Guess what? Some 36 a nigga, they'll be here tomorrow  
Don't know what the fuck they doin  
I'm gonna go buy some tomorrow  
My homie pulled me to the side and told me tell me the truth  
She say she heard em fuckin up sister I say she'll fuck me and you

Say where you getting money? That shit bring plenty haters  
Just cop that Phantom coupe, I list a Grammy later  
White crib a couple acres, she fin that Gucci nigga,  
They tryin to count me out, but bitch I'm back like Schwarzenegger  
They tryina blackball me, don't wanna see me win  
And after fuckin hittin it like that he go again  
They say I'm underrated, I'm just misunderstood,  
They can't compare to me, I wish, I wish you would,  
I'm screaming fuck the world and everything in it  
My homie beat his case case, cause they can't find a witness,  
You wanna test my G, man fuck this industry  
I strap shit 4 door your matches, for all those who sleeping on me,

All these chains that I'm wearing is not ordinary  
My watches and my rank is not ordinary
