Cause they will push your shit back, way back to trues and vows.
My dog Noseshaker, come through the block on something clean.
Sounding like an earthquake, he is what these dope boys dream.
Hit a lick, flip a brick, snatch a Brinks truck.
That's them Miami boys don't get it mixed up.

I'm Mr. 305, I'm a part of Miami's Heat.
I grew up in all types of neighborhoods, I am Miami's street.
Low key and stay quiet, that's how these chicos in Miami eat.
I love it when these boys come from out of town and thinking Miamis sweet.
All of them down looking for pussy, trying to Miami skeet.
That's when they run up in they hotel room and give them a Miami treat.
When the choppers start a raining, it's hard to stop a Miami leak.
That's what they get for thinking Miamis just Miami Beach.

Tell them boys to keep running that shit out they mouth,
I'm the guard of my city, can't knock me down like
Yeah, Yeah, Yeah, Yeah
(Don't talk about it, be about it HEY!)
Yeah, Yeah, Yeah, Yeah

Don't let your mouth write a check your ass can't cash Ha ha ha.
If the moneys on the wood, it's all good.
But if the moneys out of sight it going to be a fight.
And the last thing you want is a fight with the 305, ha ha ha
