My lil' baby on thick, thick
Girl that ass too fat, so don't quit
You know I like it like that, don't quit
You're doin' good right now, don't quit

Baby can we pick it up?

Come over here and sit down

Lil' mama got a vibe, let's ride

On it for a couple weeks now

Yeah, you know it's you and me now

Top off with the seats down

Baby I'm a savage

Gassed up, couldn't pass it

Ran it back like a rerun

She sittin' pretty like a classic

Green light, we on go

And now she wanna roll

I hate to see her leave sometimes

But that ass on "woah"

My lil' baby on thick, thick
Girl that ass too fat, so don't quit
You know I like it like that, don't quit
You're doin' good right now, don't quit
Put your old jeans on, now they won't fit
My lil' baby on thick, thick
Girl that ass too fat, so don't quit
You know I like it like that, so don't quit

Let's go!
