We brought the first platinum and gold plaques to the city

Now all of a sudden everybody want to be a hypnotize minds or hypnotize camp

Riding clean cut green maine before you (yea know)
My old crib money in bank before you
And I'm a pro with a 4-5
Try to test me bitch don't try to make me out a fucking lie
I never go against the fucking grain
But if you cross me first I got to show you I'm a fucking mayn
I had some niggas in my clique that I'm glad they gone
And it's some niggas in my clique that I hate they gone
Cause right here it's 'bout that business not that bullshit
If you winning 'bout that business get the fuck trick
Before I buck trick you better duck trick
Or get ran over by them black fucking trucks bitch

Don't point a gun unless you gonna use it (back the fuck back)

Sir Lord your highness, majesty, king
Hit the stupid niggas with the boom ping ping
Cut'em down or hold with the sling blade sling
Tape the mouth up so they don't hear you scream
A butcher knife wont leave a big enough scar
I'ma leave yo ass with a sharp bite mark
Rip off yo sleeve beat the breaks of your bitch
Trick ass pigeion you motherfucking snitch
Then I take yo guts then I'll drill then spit them
From these kind of hurts you can't use penicillin
A boy is harder than 4 large chilly
Oh nigga I would love to just beat yo ass silly
Every route you run you down on your kneezes
Take it to the lord I'll put yo in the frezeeze
My favorite hobby is hiding niggas bodies
A real killa like to work clean not sloppy

Don't point a gun unless you gonna use it (back the fuck back)

Don't pull a gun unless you gonna do it (back the fuck back)
Don't let a nigga like me beat you to it (back the fuck back)
You better you use it you better do it (back the fuck back)
Back the fuck back nigga back the fuck back
Back the fuck back nigga back the fuck back
