

Do I Love Her?

DJ Quik

Lay there, please don't move baby on me, don't you stop
Doggy, comin' through baby watch me hit the spot
You make me wanna speak Spanish, you make me wanna be manish
Nothing could compare to the way we keep it hot

Strawberries soakin' in Amaretto out in the limo
Be spitty, got the car lookin' pretty, in the window
Lets hit the indo, commit a sin in this crescendo
Smoky, foggy take off your coat, lets hit the doggy

Pull out your scrunchies, let me play through your mane
Long, brown, nice and round, explorin' my brain
Selective and picky when we get wet and get sticky
Without a clue, not even a hickey

Love it or leave it, addictive like crystal to meth
And it's hard to let go of me when I shift to the left
Never like what you're happy for, I'm more than your man
I can even make you feel me when you're usin' your hand

I'm confident, like an MVP, got the key to the CPT
Lookin' for a G like me, she F-E-M-A-L-E
Where you be at? True love only can be that
I'm tellin' you that you the shit, call me when you get this hit

Do I love her, do I need her?
Uh huh
Do I take my money out and feed her?
No, no
And should I treat her
No
Unlike no other?
Nah
I don't know I think I need to ask my brother Suga Free

Do I love her?
Uh huh
Do I need her?
Oh, yeah
And when she tells me she loves me, I don't believe her
Yeah you do
No I don't love her
And I don't need her
Yeah, yeah
And if she don't give me me money I'm a leave her

See baby, I got a spot to fill
And all that callin' me out my name gonna have you
Runnin' down the street barefooted again sayin' not for real
And how you gonna blame mine?
Dawon and Suga Free the same person
But you will never catch me and him
In the same room at the same time

Baby, you not yo best, I called you
'Cuz I was broke, hoeless and short on these little ends
And it wasn't for no sex, I see you still messin' wit yo phony ballers

But when they tired of you
You run yo lil ass right back over here beggin' me for 20 dollars

And mighty funny
You get nice than a mug with them hugs, actin' like you in love
With a nigga, when you love money
What? You stuck?
Hoe, if I tell yo flea to pull a tree
You get a chain and hook his lil' ass up

Quik'll give you a piece of his planet
But I'll give you a dirt rock, half a low quat
Not a dope spot, nor a piece of this pomegranet
Baby wanna eat-eat? 'Cuz Suga Free-Free
Will go gleek-gleek and tweak-tweak
And put yo all to sleep-sleep

Ooh, I'm a tell, Suga free pop a beat and spit a rap so swell
She said, "Suga Free, you know anything about cars, honey?"
I said, "Yeah, you fill 'em up with hoes
Take 'em to the hoes store, so they can get that money"

Do I love her do I need her?
Uh uh
Do I take my money out and feed her
No way
And do I treat her
No
Unlike no other
Man
I don't know I think I need to ask my brother Suga Free

Aah, do I love her do I need her?
Oh, yeah
And when she tell me she love me I don't believe her
Yea you do
Do I love her?
Do I need her?
Fo sho
Leave me 'lone, leave me 'lone, devil be gone, I'm leaving
Yeah

See, that's what y'all get for underestimatin' me and Suga Free
We told y'all we was magical, way back in 1996
But y'all didn't feel that, y'all chose to sleep on us
Baby, we so powerful, we can make the rain stop
You feel that?

Do I love her, do I need her?
Do I take my money out and feed her?
And do I treat her
Unlike no other?
Naw
I don't know, I think I need to ask my brother Suga Free

Ooh, do I love her, do I need her?
And when she tell me she love me I don't believe her
Yeah, you do
Now do I love her
Or care about her
You should
You ne me nome, ne me nome, fore I lock you in that box again

Do I love her do I need her?
Box again
Do I take my money out and feed her?
Ne me nome!
And do I treat her
Unlike no other?
Yaah!
I don't know I think I need to ask my brother Suga Free

Ooh, do I love her, do I need her?
Sure do
And when she tell me she love me I don't believe her
She need you too
And do I love her
Or care about her?
You outta
You ne me nome, leave me alone
Before I lock you in that box again

Do I love her do I need her?
Box again
Do I take my money out and feed her?
Box again!
And do I treat her a-like no other?
Ne me nome
