

Mo' Pussy

DJ Quik

"Give it to me!"

I wonder..

how would it feel, to sleep with a woman like you?
To fade that monkey til it's funky
Rollin all over your bed, stickin to you like glue
You can call me a real funk junkie
Slangin this dick like dope
Strapped with a cap and I'm lookin for the slope that leads
to the hairpie hoes, AMG knows
"Word to the motherfuckin three-oh-fo's!"
Now pass that gin, and let's begin
And how you goin out? That's how I'm goin in
Holdin your titties, them big two knobs
Nuttin in your ass in big goo gobs
Sticky and it's tricky but I glide when I ride it
Tearin down your walls cause I'm all up inside it
Cummin to the fullest and you feel when I pull it
?? that friction is stankin
But I don't go bareback, naked booty style
I'd rather live a long life, checkin major pile
Cause H-I-V don't give a fuck about me
and so, I don't give a fuck about a hoe
But what can I do? I'm addicted to the coochie
No matter what I say, I'ma still need a hoochie
Tell me get a nut, each and every time I get a little pushy
"Say what?" I gotta have mo' pussy

Chorus: {sung}

Just cause I didn't say, that I wanted to fuck (Well?)
Don't mean that I don't want to
Gimme some pussy!
I, need, a little mo' pussy
Just cause you didn't say, that you wanted to suck
Don't mean that you don't want to
Gimme that pussy!
I, need, a little mo' pussy

Now if you got friends, they can come to
But if they ain't playin safe hoe you're through
Because my Lifestyle's like a Trojan
I'm never DRY but I'm LUBRICATED, and the suckers hate it
Because they know, they don't stand a shot, at gettin that cot
They just don't know what makes you hot
See I learned way back, yo when I was young
you can get a girl sprung, if you lick the pearl tongue
And with that knowledge, I went to Bitch College
and got a P.H.D. for Pimpin' Hoes Daily
And when I fuck I cause much pain hoe
cause I bend this dick like a rainbow
Up and down, in and out
Flexin it, pokin it, strokin it, chokin
cause you're feelin it, and I'm killin it
And like I said before I make you hit the ceiling bitch
Because hoes like you, you only come a dime a dozen
I fucked you and tawdry cousin, now she wants some lovin

Oven hot pussy, yo she made me cum quick
Bouncin on my nuts like a pogo stick!
A tongue twista, she worked the shit like a lizard
I put her on her back, and I hit her in the liver
Stabbin it, pokin that kidney see
I can make it deep - when I'm fadin that pussy

Chorus: {sung}

Just cause I didn't say, that I wanted to fuck (Well?)
Don't mean that I don't want to
Gimme some pussy!
I, need, a little mo' pussy
Just cause you didn't say, that you wanted to suck
Don't mean that you don't want to
You stupid ass bitch!
Go take a douche, you smell like shit!

One more time, for your mind and your behind
So take off your drawers, and prepare for the grind
I'm hornier than a motherfuckin horny-toad
So pull my dick, and put me in butt mode
Tonight I'm your robot, a supercharged hoe-bot
Fill me up with Hennesey and I won't stop
I'll be your confidant baby you can trust in me
to fuck you swell enough to make you mad at me
Cause I'm that nigga that'll fuck you til your hair fall out
And even if you wear a wig I'll still give
service with a smile, you need a tune-up
Quik'll leave you leakin, and smellin like tuna
On second thought, I don't really like that smell
cause yeast infections ruin my erections
I can take a hint hoe, you ain't gotta push me
I'm outta here - outta what? Out your pussy

Chorus: {sung}

Just cause I didn't say, that I wanted to fuck (Well?)
Don't mean that I don't want to
Gimme some pussy!
I, need, a little mo' pussy
Just cause you didn't say, that you wanted to suck
Don't mean that you don't want to
You stupid ass bitch!
Go take a douche, you smell like shit!
Just cause I didn't say, that I wanted to fuck (Well?)
Don't mean that I don't want to
Gimme that pussy!
I, need, a little mo' pussy
Just cause you didn't say, that you wanted to suck
Don't mean that you don't want to
You funky ass bitch!
Go take a douche, you smell like shit!
Beeeeeeeeeeeeeeeeeeotch!
