

# Time Stands Still

DJ Quik

All I Want Is For My Time With You To Slow Down  
Don't Really Make It In Town Like I Used To  
So For Now, All I Want Is Time With You To Slow Down  
Don't Really Make It In Town Like I Used To, For Now

I Appreciate Your Patience  
What Am I Doing Without You?  
Never Hear No Bad Shit Out Here In These Streets About You  
Love Must Been This Smart  
Jealousy Is The Counterpart  
Life Is Made A Strength Apart  
No More Willing To Imbark  
But We Remained Friends Throughout  
All Those Years From Then To Now  
Both Those Feelings Trust And Doubt  
Argue Till You Storm Out  
Other Dude Gave You A Kid  
He Didn't Have You Like I Did  
I Pieced You Out  
Then Ya'll Broke Up  
You Called Me Again  
Drunk And Crying On The Phone  
Next Flight Out You Gone Be Home  
Flight Delayed I Still Wait  
Call Me When You Reach The Gate  
Pick You Up At Baggage Claim  
Tunnel Vision Just Begun Cause You And Your Son  
Like Just Like My Son

All I Want Is For My Time With You To Slow Down  
Don't Really Make It In Town Like I Used To

All I Need Is More Time Is Having You Right Beside With Your Mine  
Only A Couple Minutes More, Slow Down  
Somebody Say Time And Time Will Pillow  
Know That If I Couldn't Pay Full Time On Some Major Shit, Slow Down  
Got To Let Me Live It Like A Bullet  
Somebody Say Five And Time Appeal, Appeal

Let Me Get Your Bags Out Of The Truck  
Get The Keys And Go Upstairs  
Covered Tattoos On Your Arm  
They're Just Memory Souvenirs  
We Got Plans Tonight  
We Going To The Cheese Cake Factory  
Drink A Little And Reminisce About How You Used To Laugh At Me  
Didn't Think I Would Go To Far  
With Me Being From Compton, And All  
But Still I Grab Some Corks And Some Rubbers And Made Myself A Ball  
I Know Your Momma Proud Of Me  
Cause She Never Looked Down On Me  
She Knew I Had It  
She Said That I Would Make It  
If I Just Stayed At It  
Now How's Your Neice  
The One Who Used To Stay With You When You Lived On Over By The Street  
She Looked Like My Nephew Kiana

She Used To Do Her Hair Like Rihanna  
You Remember My...

Kisses Him

Why You Kiss Me When I'm Talking, Just Had To Bring Back All Them Old Memories, Huh.

So You Ready To Go ? You Sure You Don't Wanna Another Drink ?, Ok Let Me Get The Check

All I Need Is More Time Having You Right Beside With Your Mine

And Only For A Couple Minutes More, Slow Down

Somebody Say Time & Time Will Pillow

Know That If I Couldn't Pay Full Time On Some Major Shit, Slow Down

Got To Let Me Live It Like A Bullet

Somebody Say Time And Time Appeal, Appeal

[Outro Chorus]
