

Way 2 Fonky

DJ Quik

Oh yes I'm new and improved, and to a funky-ass groove
My name is Quik and I'm smooth, and I'm makin yo' ugly bitch move
With the streets you can't lose, but if you still wanna choose
to be a sucka, I got a 380 punk, so duck her
And to you motherfuckers thinkin you wanna fade me?
I'm runnin the underground, so fool, you're crazy
And you better step, 'fore I beat you with a switch
and tie you up, and make you watch, while I'm fuckin yo' bitch
Cause I'm a low-pro nigga that you should not fol-low
Puttin suckaz in the wind cause my voice is hol-low
Put the pistol to your grill and your punk ass rolls
You grab my shit and I pull the trigger now you're missin a nose
and umm, I don't fear your crew because my back is got
Chasin nothin but the suckaz when we hit yo' spot
Yeahhhhhh, straight Bronx killa, mark ass niggaz can't check me
but gotta respect me, cause I'm Way 2 Fonky

Fonky - yeah, fonky.. "you know I can't stop"
Fonky - yeah, fonky.. "you know I can't stop"
Fonky - yeah, fonky.. "you know I can't stop"
Fonky - yeah, fonky.. yeah

Now no sooner than I hit the fuckin streets
People be approachin me, all throughout the swap meets
Askin me shit like, "When your new album comin out?"
"Is it different?" "Is it dope?" "Where yo' perm?"
What you talkin bout?
I know you don't expect that a nigga gon' quit
bein nothin less than funky and bangin out the dope-ass hits
Cause DJ Quik is a name that I take much much pride in
No egos to hide in and no limos to ride in
Maybe a Cutlass or two, but still the same ol' shit
And me unclever? No never, I'll have this talent forever
The producer get funky down to the last ounce
And I'm creative too - so I don't need "Mo' Bounce"
But to you suckaz in my city claimin I got a "Def Wish"
You should try again fool, you ain't hittin near this
Them wack ass tracks, make you sound like a monkey
Just a shot in the dark, from a punk-ass mark who ain't Fonky

Fonky - yeah, fonky.. "you know I can't stop"
Fonky - yeah, fonky.. "you know I can't stop"
Fonky - yeah, fonky.. "you know I can't stop"
Fonky - yeah, fonky.. yeah

Now when you records ain't that funky then it's easy to disrespect this
Cause you know that when I hit I didn't miss
Just like that "I'm Born and Raised," you wish you could fade
And when you picked up that album cover you knew I was paid, Tim
Cause we ain't goin out and we ain't stuck in that old school shit
That boring flavor that just don't hit
Cause this is ninety-two, and yes yo' style is through
And if your record ain't sellin well fool I thought you knew
that this is straight Bronx killa, straight Bronx murda
Yeah yo' city's a dump, and fool yo' shit don't bump
And 'member the "Jack the Rapper"? Yeah, your punk ass sat
That's when my homeboy D, was bout to flatten yo' cap

And you apologized to him, started kissin his ass
Sayin you only dissed Compton for the money, so he gave you a pass
but you ain't movin shit on the streets
Get off the nuts of my city with them wack ass beats that ain't Fonky

Fonky - yeah, fonky.. "you know I can't stop"

Fonky - yeah, fonky.. "you know I can't stop"

Fonky - yeah, fonky.. "you know I can't stop"

Fonky - yeah, fonky.. yeah
