

# Bad Behaviour

DJ Rap

Clap your hands right  
Clap your hands etc

Let him to my bed  
Throbbing in my head  
Nothing could be said  
You wouldn't understand

Ripped him from my breast  
My lover failed the test  
Shed him from my skin  
Too long he's livin' in

I love bad behaviour  
Addicted you might say  
It's hidden in my nature  
It's a fix I obey

Baby don't you sweat  
I've got plans for you  
I don't make idle threats  
But I've got no respect

And I feel so alone yeah  
Lover I feel so alone  
Ooh yeah

Inject me I'm your flavour  
You know what's good for you  
Nothinga gonna save you  
When the poison drips through

Led him to my bed Throbbing in my head (2x)
