

Ordinary Day

DJ Rap

It's just an ordinary day
In these extraordinary times
I think we know we have to change
To live extraordinary lives

Yes we do (2x)

A child in a broken door
Thinks love is all about some war
He sees what you do
A man lying on the floor
Arms reaching 'cos he needs much more
He knows you walk through

It's just an ordinary day
In these extraordinary times
I think we know we should change
To live extraordinary lives
