

# Sober

DJ Snake

Come on, tell me do you want me  
Do you need me like drugs need money  
Tell me once more who's your love for?  
What's your number when you're sober?

Clearly I'm not thinkin' clearly  
When I'm, when I'm, with you, with you  
Feels like time is movin' slower

And then the music pulls us closer  
Oh when I start to think it over  
I realize  
You never call me when you're sober  
You never call me when you're sober  
I realize

Clearly I'm not thinkin' clearly  
When I'm, when I'm, with you, with you  
Nearly Heaven when you're near me  
Fallin', fallin', for you, for you  
We're addicted to this feeling  
When I'm, when I'm, with you, with you  
Feels like time is movin' slower

And then the music pulls us closer  
Oh when I start to think it over  
I realize  
You never call me when you're sober  
You never call me when you're sober  
I realize  
You never call me when you're sober

Pour me one more, then another  
Keep me love drunk  
You never call me when you're sober  
Pour me one more, then another  
Keep me love drunk

Come on, tell me do you want me  
Do you need me like drugs need money  
Tell me once more who's your love for?  
Love for, love for, love for  
You never call me when you're sober

Pour me one more, then another  
Keep me love drunk  
Pour me one more, then another  
Keep me love drunk  
You never call me when you're sober  
Pour me one more, then another  
Keep me love drunk  
Pour me one more, then another  
Keep me love drunk  
You never call me when you're sober
