

# Ready to Meet Him

DMX

Please give me the strength I need to live...

Bear with me

Amen

We each walk the path that we've chosen

I'm ready to meet him

We're I'm living ain't right

Black hate white

White hate black

It's right back

To the same fight

They got us suspecting a war

But the real war is to follow the law of the lord

Lord you left me stranded

And I don't know why

Told me to live my life,

Now I'm ready to die

Ready to fly

I cry, but I shed no tears

You told me you would dead those fears, it's been years

Snakes still coming at me

Just missing

Sometimes I think all you doing me is just listen

I thought that I was special

That's what you told me

Hold me

Stop acting like you don't know me

What'd I do so bad that it sent you away from me

Not only sent you away, but made you stay away from me

(My child I'm here, as I've always been, it was you who went away,

And now are back again, what did I say?)

Follow your word, and be true

(What did you do?)

Well what I wanted to do...

(What have you seen?)

Darkness and hell at a glance

(What do you want?)

All I want is another chance

(Just because you went away, my doors are not locked,

want to come back home, all you gotta do is knock)

Ya see, I left home a boy, I returned as a man

Full grown, and I'm still not able to stand

(I gave you a hand)

Well... but I was looking the wrong way

Figured out the plan, then I started to pray

And that prayer, took me from here to over there

Back to over here,

Now they got me like where?

Do I belong?  
Do I fit in?  
Things on my mind, where do I begin?  
It's easier to sin, but it hurts my heart

I'm really tryin' to win, so where do we start?  
(Thou shall not steal)  
But, what if he stole from me?  
(Thou shall not kill)

But what if he's tryin' to kill me?  
(Thou shall not, take my, name in vain, no matter how hard it rains, withstand the pain)

I'm ready to meet him  
We're I'm living ain't right  
Black hate white  
White hate black  
It's right back  
To the same fight  
They got us suspecting a war  
But the real war is to follow the law of the lord

Our father, who art in heaven  
I'm not ashamed to ask for guidance, at 27  
No longer afraid to knock on your door  
Not scared anymore to lose my life in the war

After what I just saw, I'm ridin' with the lord  
'Cause I really can't afford to lose my head by the sword  
And now that I've seen, what I need to see  
Please take me, where I need to be

(What have you learned?)  
It's better to tell the truth than to lie  
(What have you learned?)  
To love my life until I die

(What have you learned?)  
Violence isn't always the key  
(What have you learned?)  
You can't always believe what you see

(What have you learned?)  
It's better to forgive and forget  
(What have you learned?)  
Give as you expect to get

(What have you learned?)  
That I can't go on without you  
(What have you learned?)  
I must of been a fool to ever doubt you

I'm ready to meet him  
We're I'm living ain't right  
Black hate white  
White hate black  
It's right back  
To the same fight  
They got us suspecting a war  
But the real war is to follow the law of the lord

I'm ready to meet him
