Maybe you don't have to rush You could leave a toothbrush At my place At my place We don't need to keep it hush You could leave a toothbrush At my place At my place Stuck in a limbo Half hypnotized Each time I let you stay the night, stay the night Up in the morning Tangled in sheets We play the moment on repeat, on repeat When you're standing there in your underwear And my t-shirt from the night before With your messed up hair And your feet still bare Would you mind closing the bedroom door? (OWWW) Maybe you don't have to rush You could leave a toothbrush At my place At my place We don't need to keep it hush You could leave a toothbrush At my place At my place I just, I just can't let you go Give me something I've never known So maybe you don't have to rush You could leave a toothbrush At my place At my place No need to question next time we meet I know you're coming home with me, home with me Sweat like a sauna Break out the ice I know you're gonna stay the night, stay the night When you're standing there in your underwear And my t-shirt from the night before With your messed up hair And your feet still bare Would you mind closing the bedroom door? (OWWW) Maybe you don't have to rush You could leave a toothbrush At my place At my place

We don't need to keep it hush You could leave a toothbrush At my place
At my place
I just, I just can't let you go
You give me something I've never known
So maybe you don't have to rush
You could leave a toothbrush
At my place
At my place

Cause I don't want this to end
And there's no need to play pretend
If you stay with me again
Would you mind closing the bedroom door?

(OWWW)

Maybe you don't have to rush
You could leave a toothbrush
At my place
At my place
We don't need to keep it hush
You could leave a toothbrush
At my place
At my place
I just, I just can't let you go
Give me something I've never known
So maybe you don't have to rush
You could leave a toothbrush
At my place
At my place
At my place
