

She Hasn't Always Been This Way

Doc Walker

She's the prettiest girl I've ever seen
The walking definition of a beauty queen
Every man in town wants to take her away
But she hasn't always been this way

You should've seen that girl ten years ago
With a kool aid mustache and freckled nose
Now, she's breakin' hearts and takin' names
But she hasn't always been this way

She didn't mean anything to me
I brushed her off so easily

She hasn't always been this way
I really can't believe, how much that girl has changed
She's out of my life, she's out of my reach
I'm out of her mind, she's out of my league
But she hasn't always been this way

Her brother Bobby was my best friend
So, she followed us around where ever we went
Now, she won't give me the time of day
But she hasn't always been this way

When I was sixteen she gave me a card
That said love you with all of my heart

She hasn't always been this way
I really can't believe, how much that girl has changed
She's out of my life, she's out of my reach
I'm out of her mind, she's out of my league
But she hasn't always been this way
