

That's How I Like It

Doc Walker

[Verse:]

I don't know how you paint my sky so blue
I'm walkin' around stone drunk on you said hello and I was gone
Stuck in my head like a pretty song

Was it Summer in and an easy Fall
And it was love and that was all
Those lucky stars won't leave me alone
I'm the one that gets to take you home

[Chorus:]

You're mine, you're mine
And that's how I like it
I'm yours, I'm yours
And nobody else's
You're mine, you're mine
You hit me, I felt it
I'm yours, I'm yours
And that's how I like it
