

## Curly Headed Baby

Doc Watson

She's my curly headed baby  
She's from sunny Tennessee  
She's my curly headed baby  
She's more than all the world to me

I have loved her since I met her (yes sir)  
More than any tongue can tell  
If she ever prove falls hearted  
It would be so hard to say farewell  
Yodeleyie-ie-ie-ie

Now let me tell you 'bout some women (hmmhmm)  
I can tell you how they'll do  
They gonna be cryin' on your shoulder  
And be flirting with another too

She's my curly headed baby  
She's from sunny Tennessee  
She's my curly headed baby  
She's more than all the world to me  
Yodeleyie-ie-ie-ie

When I look into her blue eyes  
There's more than words can ever say  
I could never love some other  
No one else can make me feel this way

She's my curly headed baby  
She's from sunny Tennessee  
She's my curly headed baby  
She's more than all the world to me
