

Hell Yeah!

Dog Eat Dog

huh? say what? hell yeah!
that's what - oh
there's no disclaimer, apologies,
no introspective, just me being me
and I don't listen to what they say
that if you play the game then you have to pay,
well I don't believe them and all their lies
cause only I can live my life
so save your warnings, another lecture
'cus if you got it I already get ya

hell yeah! let's get it started right now
hell yeah! we're gonna turn it up loud
hell yeah! bring your bad attitude
say hell yeah! If you're feeling it too

I'm always in motion stay on the go
I swear my life is like a rodeo! whoa!
You feel the pressure, I feel it too
drawing us together with a magnitude yes
We're getting closer, but in between
they try to separate us like quarantine
and that can't stop us no we got the fire
together you and I can light up the sky!

hell yeah! let's get it started right now
hell yeah! we're gonna turn it on out
hell yeah! bring your bad attitude
say hell yeah! if you're feeling it too

hell yeah! leave your problems behind
hell yeah! let's get together tonight
hell yeah! everything in the groove
say hell yeah! if you're feeling it too

So if you're with us let me hear you say
hell yeah - hell yeah!
and they can never stop us anyway - no
hell no! - hell no!
