

## More Beer

Dog Eat Dog

More beer, more beer,  
All I want is more beer.  
More beer, more beer,  
All I want is more beer, more beer.

When I get home from work and i'm dyin' of thirst,  
All I want is more beer.  
I run into the kitchen and i tear of my shirt,  
All I want is more beer.  
Open up a six pack I'll be downin' it first,  
All I want is more beer.  
I can open up and finish faster than you,  
All I want is more beer.  
Gonna kill a case or maybe two,  
All I want is more beer.  
If there was no more beer what would we do,  
All I want is more beer.

More beer, more beer,  
All I want is more beer.  
More beer, more beer,  
All I want is more beer, more beer.

All I want is more beer. (6x)

When wake up in the mournin'  
My mouth's all parched and dry,  
and I crawl to the refrigerator,  
and I peek inside,  
and I'm hopin' and I'm prayin'  
I hope there's one more beer.

More beer, more beer
