

## River Jordan

Dog Is Dead

Fear is only one thing I remember  
A lonesome lad, a heavy hearted guy  
I grabbed myself a pretty girl and took her home that night  
And it goes on

You'd be happy if we see December  
Then I'll find another one of your kind  
Grab yourself a pretty girl and take her home tonight  
And it goes on

You'd be happy if we see December  
Then you'll find another one of my kind  
If you'd meet the river bed I know that I'd be sure  
And it goes on

You crossed a line  
How original  
Who started the battle?  
Who's firing the guns?

And it goes on  
And it goes on  
And it goes on  
And it goes on
