

## Challenger

Dogwood

We've got a problem that starts and ends with you.  
That starts and ends with me,  
in hopes for all redemption.  
Redeem a purpose. Receive me skeptical.  
Wishful, repentful just to sway your independence.  
Just to feel ok, now and for all.  
I'm bringing you down.  
I'm letting you know I care.  
I'm letting you know i'm there
