

# Lonley Road

Dogwood

I left your arms, no turning back.  
I chose this lonely, lonely road.  
I'm on my way.  
I don't need you.  
A self sufficient superstar.  
I'm losing faith.  
How I miss home.  
This life is costing me my own.  
What can I do?  
Where can I run?  
The world against me soon I'm...  
Down in my heart's where I hide you.  
Yet where I go is where I find you.  
I'll never be ashamed of you.  
I'm sorry I've forsaken you.  
Easy to see, I need your will to carry me.  
There's not a thing that  
I can do.  
Realization I let You...  
Down in my heart's where I hide you.  
Yet where I go is where I find you.  
I'll never be ashamed of you.  
I'm sorry I've forsaken you.  
I'm in your arms, came running back.  
I left the lonely, lonely road. Whoa oh oh ho oh ho
