Dogwood

Three years ago, you left that day.
And I knew I would never be the same.
You left for a brand new life.
No more tears, no more sorrow,
No more of that disease.
Oh God why did you take her from me?

My sweet Claudia... my beloved friend,
God put your suffering to an end.

Can you see me from heaven?
Oh are you proud?
My sweet Claudia,
I cried so loud.

I love you mom,
Please don't fear,
Your baby boy will make it down here.
But you know what?
I miss you.
It will be okay,
It will be alright,
I'll look after dad every night.
I'll just pray that he sees you again.

My sweet Claudia... my beloved friend,
God put your suffering to an end.

Can you see me from heaven?
Oh are you proud?
My sweet Claudia,
I cried so loud.
My Claudia,
I cried so loud.
My Claudia,
I cried so loud.
Are you proud of me now?
