

# All Nighter

Doja Cat

Let me break it to you boy, I-I-I-I  
I can give it to you all ni-i-i-ight  
All in all, we pullin' all ni-i-i-ighters  
We ain't gotta turn on them li-i-i-ights

Finna be up, ain't no sleepin' all night, yuh  
Finna be up, ain't no sleepin' all night, yuh  
Finna be up ah, yea-uh, finna be up ah, yea-uh  
Finna be up ain't no sleepin' all night, yuh

Yuh, we up 'til the day break off, make up when I take, take off  
No sleep, you my sunshine though, just me, you, and some wine, look  
'Cause we tryna unwind, look, we sleep baby, sometimes, look  
Yeah, we got the same schedule, sexual drive, speed through, I just led you  
Spent 15 on it and that's fine, 'cause we already been around five  
Lil weed, Hennessy, kinda sound nice, finna need new sheets by around nine  
Feelin' weak in the knees, make it bounce like bla-bla-bla  
Bed smack to the wall tap-tap-tap  
Wait, lemme throw it all back-back-back  
Neighbor bangin' the door

Ain't no sleepin', fuck Monday, it's the weekend 'til Sunday  
Add one moon, we'll be sunlight, he love that t-shirt, no undies  
Ain't no sleepin', fuck Monday, it's the weekend 'til Sunday  
Add one moon, we'll be sunlight, he love that t-shirt, no undies okay

Let me break it to you boy, I-I-I-I

Baby I just clocked out  
In the middle of the night, need a snorkel  
Ain't tryna knock out  
Still workin' on my wine, need a back rub  
Wish we could rewind to the bathtub  
First night, wreckin' this suite, no pack up  
Tuck me lent money in the mattress  
But we ain't finna sleep on the mattress  
Practice, knee-deep in your tactic  
Back it up, beep beep, no Uhaul  
Tossed salad, no cheese, no croutons  
Said it don't taste cheap, no coupon  
No drugs, this new guy, he's on  
Five star, that's sweet, no futon  
Damn my other girl tired, huge yawn  
I ain't talkin' 'bout the tea when I Oolong

Ain't no sleepin', fuck Monday, it's the weekend 'til Sunday  
Add one moon, we'll be sunlight, he love that t-shirt, no undies  
Ain't no sleepin', fuck Monday, it's the weekend 'til Sunday  
Add one moon, we'll be sunlight, he love that t-shirt, no undies okay, yeah
