Doja Cat

I think I need something new, something you got for me  
I'm the one to give it to, to get into, I'm ready  
I'ma get comfortable  
'Cause you know I won't be here all week  
And we both got it in, off free  
We ain't afraid of sexuality, oh

No games, no way José, foreplay, don't fake, both ways  
Like olay, and I won't chase to it, OJ  
Soul based, and on face like I'm Colgate  
Hallways when I go all day, get it, uh huh  
Now it's the one to throw it back with it  
Fittin' all that, he ain't gotta call back  
Trippin' this, prison this, nigga I don't get it  
I'm addicted  
Reading all my feelings, need a oneway ticket  
Looking so fly cuz I mind my business  
Self proposed, you know I'm vicious  
Slow your roll, you can't lie to me baby  
I see it on you, your eyes and your face  
You want these knees to go opposite ways  
And I see you fiendin' going off on it babe  
I don't need to speak, I'm not talkin' babe

'Cause you're talkin' with your body, body  
Can we touch up on the topic, topic?

You're coming on to me  
And I can read it all up on your face  
Control it, get your way  
Baby you can't hide from me and come and vibe with me  
Boy it ain't my fault, it's building up inside of me  
I hope I can get you off before you say goodbye to me  
And boy it ain't my fault, it's building up inside of me

Good self control but you stickin' it out, a figure, a mouth  
Don't wonder why you twistin' your loud  
Twerkin' it out and wonder why they thirstier now  
Every night dodgin' broke niggas, curvin' 'em out  
Like every pipe got its own feelings, lurkin' below  
I mean, really? Do you love me? Is it certain, for sho?  
I got money nigga, know you gon' be hurt if I don't  
But I got niggas in my city and my bitches is cold, so

Tell me what you had in mind  
Watch it closely, we'll unwind  
[?] than mine  
You do your job, I'll do mine  
'Cause the body doesn't lie

'Cause you're talkin' with your body, body  
Can we touch up on the topic, topic?
