

# Don't Lie to Me

Dokken

You didn't see me, but I overheard  
A short conversation was just a few words  
A lie and a whisper, a knife in my back  
The things you were saying lead me to believe  
You want no part of me

Leave me go, turn and walk away, turn your back on me  
If you stay, there's just one thing that I've got to say

Just don't lie to me  
Don't treat me like a fool  
Just don't lie to me  
Like the way you used to do

Voices that whisper, dark deep despair  
Burns me like fire, these things that I hear

Leave me go, turn and walk away, turn your back on me  
If you stay, there's just one thing that I've got to say

Just don't lie to me  
Don't treat me like a fool  
Just don't lie to me  
Like the way you used to do

Tell me it's over, don't tell me you care  
Don't wanna hear it no more  
Don't say you love me, if the feeling's not there  
Just turn and leave me, I want no part of you

Just don't lie to me  
Don't treat me like a fool  
Just don't lie to me  
Like the way you used to do

Just don't lie to me  
Don't treat me like a fool  
Just don't lie to me  
Like the way you used to do

Just don't lie to me  
Or I'll be on my way  
Just don't lie to me  
I won't be back again

Just don't lie to me  
Don't treat me like a fool  
Just don't lie to me  
Like the way you used to do

Just don't lie to me
