

# In the Middle

Dokken

I talk with you  
I think of her  
It always turns out the same  
I changed my mind  
Then I'm not sure  
Love's got me shackled in chains

Win or lose  
We've lit the fuse  
I've lost control  
Then you explore my soul

In the middle  
Of love  
In the middle  
Of love

Torn apart  
Right from the start  
Is it too late to be true?

Now things have changed  
We're not the same  
I've lost control  
Then you explore my soul

In the middle  
Of love  
In the middle  
Of love  
(2x)

(solo)

In the middle  
Of love  
In the middle  
Of love  
(2x)

In the middle  
I lose control  
In the middle  
I lose my mind as well  
In the middle  
Everyday  
In the middle  
Love's got me chained

In the middle  
Of love  
In the middle  
Of love
