You weave your spell, your eyes they beckon me Your lips they speak, lies and misery I know it's wrong, but I can't turn away The flames draw near, they're telling me to stay

Into the fire I'm falling
Into the fire I'm falling
Into the fire, into the fire
Into the fire I'm falling, into the fire

Your love burns bright and yet the flames are cold This time I fear you won't be back no more When will it end, your love consumes my soul Into the fire I'm being tempted once more

Into the fire I'm falling
Into the fire I'm falling
Into the fire, into the fire
Into the fire I'm falling

Take me back where I came back
Don't wanna see your face no more
You broke my heart now it's not the same
I'm falling again, I'm falling again

Into the fire, into the fire, into the fire
Iinto the fire, I'm falling again
Into the fire, into the fire I'm falling again

Into the fire I'm falling
Into the fire, into the fire, into the fire
I'm falling into the fire
