

## Voice of the Soul

Dokken

Can you see the soul / through a window in your mind  
Can you see the darkness that was left me over time  
Bordering on sadness / no tranquility  
Look through my mirror and you'll see  
(So long) A vision come and gone  
(Inside) Nothing was clear  
Saving grace / Forgotten road  
I was lost / but now I'm home  
Saving grace / a ray of hope  
When I hear a Voice of the Soul  
Sold my religion / sold my candles too  
Knees have been bleeding / praying over you  
I search the heavens / all I ever see  
Dust from the ashes / misery  
(Rise up) Sleeping with misfortune  
(Temptation) A mirror of myself  
Saving grace / Forgotten road  
I was lost / but now I'm home  
Saving grace / a ray of hope  
When I hear a Voice of the Soul  
When the light shines above me  
And casts a shadow of myself  
Look to skies that surround me  
Embrace the one that speaks inside  
Delivered unto self  
Saving grace a ray of hope  
When I hear the voice (Of the soul)  
(Voice of the Soul)  
Saving grace  
(Voice of the Soul)  
When I hear the voice  
Hear the Voice of the Soul
