I Hope You're Never Happy

Dolly Parton

- I wish you all the luck I wish you only the best Satisfaction in love, and true happiness I wish you blue skies and rainbows, I wish you joy pure and swe et
 I wish you all that you wish for, but only if you're with me I hope you're never happy with anybody but me
- I wish you nothin' but trouble if you've decided to leave I'm just not like those heroes found in books and on TV I hope you're never happy with anybody but me
- I have had you too long, I have given too much
 I have loved you too strong to think of giving you up
 I've always envied those lovers that wish you well when you lea

And wish you luck with another
