

The Mystery of the Mystery

Dolly Parton

There are so many things that I don't understand
And I search my mind to try to find an answer
But the more I search the less I seem to find out why
Like where where the wind goes, how does life begin
What happens when we die
The mystery of the mystery must stay unknown
Only God can know and man must not see
Great minds have tried but they will not find
The answer to the mystery of the mystery

Man will seek the mystic rails of the mystery
But their silent halls reveal not a sound
Many men will give their lives just to try to find
The answer to a mystery in their mind

The mystery of the mystery must stay unknown
Only God can know and man must not see
Great minds have tried but they will not find
The answer to the mystery of the mystery
