

Try

Dolly Parton

I've chased after rainbows
I've captured one or two
I've reached for the stars
I've even held a few
I've walked that lonesome valley
Topped the mountains, saw the sky
I've laughed and I have cried
But I have always tried

I'm always been a dreamer
And dreams of special things
But dreams are of no value
If they're not equipped with wings
So secure yourself for climbing
Make ready for the flight
Don't let your chance go by
You'll make it if you try

So try to be the first one up the mountain
And try to be the first to touch the sky
And try to be the one who make a difference
Try to quit your fear and oversight
And try to make the most of every moment
'Cause if you never try you never win
So try each day to try a little harder
And if you fall, get up and try again

(Try and try and try)
(Try and try and try)

Nothing is impossible
If you can just believe
Don't live your life in shackles
When faith can be the key
The winner's one who keeps determination in his eyes
Who's not afraid to fly and not afraid to try

So try to be the first one up the mountain
And try to be the first to touch the sky
And try to count your blessings and keep counting
And try to see where only eagles fly
And if you fail at first just keep on trying
Boy, you are not a failure in God's eyes
The first step is the one that's always hardest
But you won't amend too much if you don't try
So spread your wings and let the magic happen
Cause you'll never really know if you don't try

(Try and try and try)
You gotta try (Try and try and try)
Come give it a try (Try and try and try)
You have to try (Try)

Oh oh, life, it ain't easy
You ever said it was
Rock is hard
Same as it ever was (Try)

You have to try (You have to try)
When you think you can't do it, just try a little harder
Just dig a little deeper and go a little further but try (Try)
You have to try (Try)
What hammer it is, you gonna get through it
Let the spirit religion, I know you can do it, just try (Try)
Just give it a try
And whenever you think you ain't gonna make it
Put a smile on your face, suck it up and take it
For a while (Give it a try)
At least you'll know you try (Give it a try)
Don't think I don't suffer, I know what I'm saying
When I get to that place where I start praying and I try
Lord knows I'm try
Yes I'm try
